

Accessing 2020 Census Redistricting Data on data.census.gov – Working in the Customize Table View

In this informational flier, we want to show you some of the features that are available through the ‘Customize Table’ button when viewing the 2020 P.L. 94-171 Redistricting Data on data.census.gov. The ‘Customize Table’ view is a great tool to utilize within our site, as it has several functions that users may find helpful when viewing this Redistricting Data.

To find the P.L. 94-171 Redistricting Data, go to data.census.gov and click on the Advanced Search button located directly under the Single Search bar.

Then select the ‘Surveys’ filter and click on the ‘Decennial Census’ option. Click on the checkbox next to the ‘Redistricting Data (P.L. 94-171)’ option.

Since we only want the newer data from 2020, go to the 'Years' filter and select '2020'.

The screenshot shows the United States Census Bureau Advanced Search interface. The 'BROWSE FILTERS' sidebar on the left has 'Years' selected. The 'YEARS' list on the right shows '2020' selected with a checkmark. The 'Selected Filters' bar at the bottom displays 'Redistricting Data (PL 94-171)' and '2020'. Buttons for 'CLEAR FILTERS', 'SEARCH', and 'SHOW' are visible.

If you want to select a geography to view, you can do it in the Advanced Search as well. For this example, let's filter data for Harrison County, Mississippi. Click on Geography > County > Mississippi > check the box for Harrison County, Mississippi.

The screenshot shows the United States Census Bureau Advanced Search interface with multiple filters applied. In the 'BROWSE FILTERS' sidebar, 'Geography' is selected. Under 'GEOGRAPHY', 'County' is selected. The 'WITHIN (STATE)' list shows 'Mississippi' selected. The 'MISSISSIPPI' list on the right shows 'Harrison County, Mississippi' selected with a checkmark. The 'Selected Filters' bar at the bottom displays 'Redistricting Data (PL 94-171)', '2020', and 'Harrison County, Mississippi'. Buttons for 'CLEAR FILTERS', 'SEARCH', and 'SHOW' are visible.

Once you've selected the survey, year, and geography you want to view, click on the 'Search' button on the bottom righthand corner and select a table to view.

There are six tables to choose from, but for the example, let's choose table P5, "Group Quarters Population by Major Group Quarters." This table give us the count of people living in group quarters such as nursing homes, military barracks, correctional facilities, and student housing on colleges and universities.

Next, click on the 'Customize Table' button located at the top right corner of the screen above the table.

The screenshot shows the Census Bureau website interface. At the top, there is a search bar and navigation tabs for 'All', 'Tables', 'Maps', and 'Pages'. Below the navigation, the 'Tables' tab is selected, displaying a list of tables on the left and a detailed view of a specific table on the right. The table is titled 'GROUP QUARTERS POPULATION BY MAJOR GROUP QUARTERS TYPE'. The 'CUSTOMIZE TABLE' button is highlighted with a red box in the top right corner of the table view.

This new view, which is called the 'Customize Table view,' is where you can access different functionality by clicking on the buttons in the ribbon located above the table. For example, the 'Customize Table' view provides another way to add additional filters to the table. You can select any of the Filters that would be present on the Advanced Search page, such as the Geography filter, and the table will automatically update to reflect the applied filters.

The screenshot shows the 'Customize Table' view of the same table. A ribbon of tools is visible above the table, with the '1 Geo' button highlighted by a red box. The table data remains the same as in the previous screenshot.

For example, if we wanted to add another county from Mississippi in this view, we would click on the 'Geos' button in the table ribbon and add a geography the same way we would in the Advanced Search. Since we've already selected a county from Mississippi, the search will default to show the list of counties again. If we select another Mississippi county, like Franklin County, and then click the 'Close' button, you will see that the table has now automatically updated to show data for both Harrison and Franklin counties.

The screenshot shows the United States Census Bureau data interface. The top navigation bar includes the 'United States Census Bureau' logo, a search bar, and links to 'Advanced Search', 'Microdata', 'Help', 'FAQ', and 'Feedback'. The main navigation bar has tabs for 'All', 'Tables', 'Maps', and 'Pages'. The 'Tables' tab is selected, and the page title is 'GROUP QUARTERS POPULATION BY MAJOR GROUP QUARTERS TYPE'. The 'Survey/Program' is 'Decennial Census', the 'Universe' is 'Population in group quarters', the 'TableID' is 'P5', and the 'Product' is '2020: DEC Redistricting Data (PL 94-171)'. The 'Geos' button is highlighted in the table ribbon. The 'Geography' section shows 'Show Summary Levels' turned on. The 'Within (State)' dropdown is set to 'Mississippi'. The 'Mississippi' list shows 'Franklin County, Mississippi' and 'Harrison County, Mississippi' selected. The 'Selected Geographies' section shows 'Harrison County, Mississippi' and 'Franklin County, Mississippi'. The 'CLOSE' button is highlighted.

You can also view Table Notes, which are shown here and can be hidden by clicking on the 'Notes' button again.
